INTERAGENCY AGREEMENT

FOR 9-1-1 EMERGENCY COMMUNICATIONS

This agreement is made between the McLean County Emergency Telephone System Board (hereafter called the "ETSB") and the Metro-McLean County Centralized Communications Center Board (hereafter called "METCOM") to ensure the effective handling and routing of 9-1-1 Emergency Calls.

SECTION 1

CALL HANDLING

All 9-1-1 calls from within the corporate limits of McLean County will be routed to the METCOM Primary Public Safety Answering Point (hereafter called "PSAP"). Should the METCOM PSAP be unable to accept the 9-1-1 calls for any reason, the calls will be automatically forwarded by the 9-1-1 hardware software to the METCOM Backup PSAP for dispatch purposes.

Emergency 9-1-1 calls from within the area served by ETSB shall be dispatched from the METCOM's PSAPs via one of the following methods:

Primary:	Radio Frequency	<u>800 MHz</u>
Secondary:	Radio Frequency	<u>154.815, 154.190</u>

METCOM hereby agrees to receive and properly dispose of all said related 9-1-1 calls from within its jurisdiction, following the Standard Operating Procedures established by the ETSB and the rules and regulations established by the Illinois Commerce Commission. Under no circumstances is the ETSB responsible for the dispatching of any call. ETSB hereby delegates to METCOM all of its legal authority to receive and respond to such calls.

The legislative intent behind the Emergency Telephone System Act is that 9-1-1 be used for emergency calls only. Therefore, all calls of an administrative or non-emergency nature received by METCOM on 9-1-1 trunks shall be referred to the appropriate agency's non-emergency telephone number.

SECTION 2

CHANGES IN SERVICE EQUIPMENT

METCOM agrees to keep ETSB advised of any changes in its services such as location, phone number, department head, etc., that might impact the operation of the McLean County 9-1-1 system. METCOM shall also keep ETSB advised on any equipment changes. Such notifications shall be provided in advance if possible.

SECTION 3

ADA COMPLIANCE

METCOM agrees to provide the same level of service to the hearing impaired caller as provided to other callers, in accordance with the mandates of the Americans with Disabilities Act.

SECTION 4

INSURANCE

Each party shall provide a General Liability and Errors and Omissions Policy underwritten by an insurance company and in a form acceptable to the other party, in an amount of not less than \$1,000,000 per occurrence. Each party shall make its policy documentation available to the other party upon request.

SECTION 5

RECORDS

It shall be the responsibility of METCOM to maintain a record of all 9-1-1 calls and the disposition of each 9-1-1 call received, and maintain such records as required by the McLean County ETSB and the State of Illinois and to surrender those records to the McLean County ETSB when requested. Release of such records to any entity other than ETSB shall be governed by the provisions of the Freedom of Information Act.

SECTION 6

AUTHORITY

Each of the undersigned swear, promise and affirm that they are a qualified officer of the public safety agency, or government entity represented therein, authorized to act on behalf of and bind said entity in the manner provided herein.

Back Up PSAP Agreement

Because the Back-up PSAP is manned by and operated by primary dispatch personnel I have not enclosed an agreement. As the back-up center space is leased from Normal and is located in a secure location but is not staffed nor managed by them it did not seem that an agreement was needed. There is in this plan an agreement with METCOM, who does man the back-up center.

9-1-1 EMERGENCY SYSTEM

COUNTY OF McLEAN

AGREEMENT

September 27, 2001

This agreement is made between the McLean County Public Safety Answering Point, hereinafter referred to as "PSAP", and the Bellflower Police Department, for the purpose of effective handling and routing of 9-1-1 emergency calls.

Call Handling:

The McLean County PSAP center receiving a call for emergency service in your jurisdiction shall dispatch the call in the following manner:

PRIMARY: 800 MHz

SECONDARY: 154.815

Aid Outside Jurisdiction:

Once an emergency unit is dispatched in response to a request through the system, such units shall render its service to the requesting party without regard to whether the unit is operating outside its normal jurisdictional boundaries.

The legislative intent is that 9-1-1 will be used for emergency calls only. Therefore, all calls of an administrative or non-emergency nature shall be referred to your agency's published telephone number.

The McLean County PSAP agrees to keep all records, times and places of all calls. All records will be available to all participants of the 9-1-1 system.

It shall be the responsibility of your agency to maintain the report of call and the disposition of each call received.

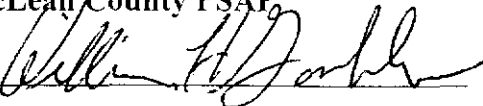

All agreements, management, records and service will be the responsibility of the McLean County Emergency Telephone System Board.

Any agreements or changes in agreements and operating policies must be approved by the above-mentioned board.

AGREEMENT FOR 9-1-1 EMERGENCY TELEPHONE SYSTEM

This Agreement made between the McLean County Public Safety Answering Point, hereinafter referred to as "PSAP", and the City of Bloomington, for the purpose of handling and routing 9-1-1 emergency calls.

Call Handling:

1. PSAP will dispatch all 9-1-1 calls for emergency service within the jurisdiction of the City of Bloomington Police Department in the following manner unless otherwise directed by the City:

PRIMARY: Via radio frequency 860.48750
SECONDARY: Via MDT frequency 860.48750

2. PSAP will dispatch calls for emergency service only. All calls of administrative and/or non emergency nature will be referred to the Bloomington Police Department published telephone number.

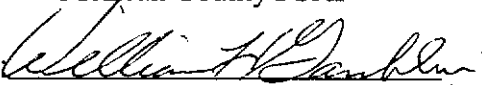

3. In the event PSAP dispatches a unit from the City of Bloomington Police Department for a call for service outside of its jurisdictional boundaries, that unit shall respond in the same manner as it would to a call for service within its jurisdictional boundaries until advised by PSAP that the call is for service outside of its jurisdictional boundaries and/or the proper agency has been notified.

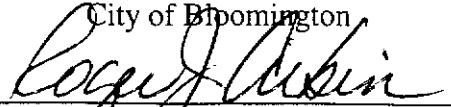

Record Keeping:

PSAP will keep records of the times and places of all calls for services received, including those of an administrative and/or non emergency nature. PSAP shall make the records available to the City of Bloomington upon request. PSAP shall not be responsible for keeping or maintaining any other records related to calls for service, including but not limited to reports of call or disposition of calls received.

Term/Modification

This Agreement shall be effective as of the date it is signed by both parties and shall remain in effect until terminated or modified by agreement of the parties.

EMERGENCY TELEPHONE SYSTEM BOARD
9-1-1 EMERGENCY SYSTEM
COUNTY OF McLEAN

AGREEMENT

May 31, 2001

This agreement is made between the McLean County Public Safety Answering Point, hereinafter referred to as "PSAP", and the Allin Township Fire Protection District, for the purpose of effective handling and routing of 9-1-1 emergency calls.

Call Handling:

The McLean County PSAP center receiving a call for emergency service in your jurisdiction shall dispatch the call in the following manner:

PRIMARY: Radio via pager & siren frequency 154.190
SECONDARY: Phone 309.379.5821, 379.2400, 862.6024

Aid Outside Jurisdiction:

Once an emergency unit is dispatched in response to a request through the system, such units shall render its service to the requesting party without regard to whether the unit is operating outside its normal jurisdictional boundaries.

The legislative intent is that 9-1-1 will be used for emergency calls only. Therefore, all calls of an administrative or non-emergency nature shall be referred to your agency's published telephone number.

The McLean County PSAP agrees to keep all records, times and places of all calls. All records will be available to all participants of the 9-1-1 system.

It shall be the responsibility of your agency to maintain the report of call and the disposition of each call received.

All agreements, management records and service will be the responsibility of the McLean County Emergency Telephone System Board.

Any agreements or changes in agreements and operating policies must be approved by the above-mentioned board.

AGREEMENT

August 6, 2001

This agreement is made between the McLean County Public Safety Answering Point, hereinafter referred to as "PSAP", and the Octavia Fire Protection District (Cooksville FD), for the purpose of effective handling and routing of 9-1-1 emergency calls.

Call Handling:

The McLean County PSAP center receiving a call for emergency service in your jurisdiction shall dispatch the call in the following manner:

PRIMARY: 154.190

SECONDARY: 154.815

Aid Outside Jurisdiction:

Once an emergency unit is dispatched in response to a request through the system, such units shall render its service to the requesting party without regard to whether the unit is operating outside its normal jurisdictional boundaries.

The legislative intent is that 9-1-1 will be used for emergency calls only. Therefore, all calls of an administrative or non-emergency nature shall be referred to your agency's published telephone number.

The McLean County PSAP agrees to keep all records, times and places of all calls. All records will be available to all participants of the 9-1-1 system.

It shall be the responsibility of your agency to maintain the report of call and the disposition of each call received.

All agreements, management, records and service will be the responsibility of the McLean County Emergency Telephone System Board.

Any agreements or changes in agreements and operating policies must be approved by the above-mentioned board.
